

An abstract, vibrant image of a chemical splash or reaction. The splash is composed of numerous small droplets and bubbles, creating a dynamic, multi-colored pattern of reds, blues, greens, and purples against a dark background. The overall effect is one of intense energy and scientific activity.

EXCURSIONS

All information about excursions is available on the [Congress website](#).

We recommend taking water / snacks with you; meals are not provided during excursions.

ENTRY INTO RUSSIA

Foreign citizens entering the Russian Federation are required to obtain and fill out a **migration card***. When leaving the Russian Federation, a foreign citizen is required to hand over the migration card at the checkpoint across the state border of the Russian Federation to an official of the border control agency.

***Migration card** is a document that contains basic information about a foreign citizen intending to enter the territory of the Russian Federation. After a foreign citizen crosses the state border, the migration card ensures control over his/her stay in Russia.

Migration card forms are issued free of charge to all foreign citizens arriving to the Russian Federation: by crew members of a sea, river or aircraft vessel (if foreign passengers cross the state border on board of the relevant vessel), by train hosts (if foreign citizens cross the state border by rail), by drivers (if foreign citizens cross the state border by public transport), by border control officers (if foreign citizens cross the border by private transport or on foot).

The **migration card** must be kept by the Congress participant for the duration of his/her stay in the Russian Federation.

DEPARTURE FROM RUSSIA

Please be informed that, based on [Article 6 of the Federal Law](#), citizens of the foreign countries, with which a visa travel regime has been established, are required to present a valid visa (with an unexpired period of validity) when leaving the Russian Federation.

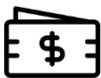

CURRENCY AND BANK CARDS OPERATIONS

Bank cards

Considering the existing restrictions on the use of foreign bank cards in Russia, **we recommend you to have cash converted to rubles** for the entire duration of your stay at the Congress.

In Russia, Mir payment system cards operate in any currency without restrictions. Participants are advised to apply for a card/bring an existing Mir card with them, if possible.

Currency exchange transactions

Please note the restrictions when performing currency exchange transactions:

- the most common currencies that you can exchange at any exchange office are US dollars and Euros
- for transactions of less than RUB 40,000 (~€416) it is not necessary to present a passport; for transactions of more than RUB 40,000 (~€416) you must present your passport
- **it is IMPOSSIBLE to exchange non-cash currency** for cash in rubles if the currency is on bank cards of the **MasterCard or Visa** payment systems **issued outside of Russia**. It is also not possible to withdraw cash rubles from these cards.

Information about the nearby bank branch and currency exchange office can be clarified with the reception staff of your hotel.

INFORMATION

Emergency procedures

Modern safety control equipment is installed at the Congress venue, including video surveillance and fire extinguishing systems.

Upon receiving an evacuation message, participants should:

- keep calm and act in accordance with instructions of the Congress staff, police and other persons responsible for maintaining order and fire safety, as well as instructions received via the voice alarm system

- do not create conditions that obstruct the actions of rescue service personnel, police and transport

- leave the venue in accordance with the evacuation plans and "Exit" signs

- give way to transport vehicles with special sound signals and color graphic symbols.

In case you see smoke, fire, or find suspicious objects, we kindly ask you to immediately call 112, and also notify the Congress staff accordingly.

An ambulance team will be on duty at the Congress; if necessary, please contact the information desks.
